

The Monochrome *look*

VISPRING

Luxury Beds - London 1901

Elevate your bedroom to new heights with the luxurious Monochrome look on your Vispring bed. Introducing our latest customisation option, designed to help you create a sleek, stylish look that is uniquely yours.

At Vispring, we understand that the bed is the focal point of any bedroom. That's why we've made it easy for you to transform your sleeping space with our customisation options. We have introduced five new neutral fabric options to cover your entire bed, from the headboard to the divan, mattress, and topper.

The Monochrome *look*

Headboard

Topper

Mattress

Divan

Whether you prefer a classic, understated look or something more contemporary and striking, our Monochrome options are sure to suit your style.

Available in five beautiful fabrics from Vispring's 'Naturals Collection', our range of neutral fabrics allows you to create a cohesive and sophisticated look that complements any décor.

FABRIC REFERENCE NUMBER	FABRIC NAME	CHARGE
595	Nordic - Ash	A
1038	Nordic - Linen	A
1039	Nordic - Anthracite	A
1040	Nordic - Pearl	A
1041	Nordic - Steel	A

The Monochrome look is not available on the all-wool mattresses Devonshire, Shetland and Shetland Superb or on the Limited Edition beds, the Cashmere Superb and the Diamond Majesty.

New Monochrome look -same luxurious comfort and handcrafted support

Each of our luxurious handcrafted beds are made to the highest standard, ensuring that your sleep surface is not only beautiful but also comfortable and supportive.

At Vispring, support starts with the springs. Each mattress contains one, two or three layers of full size springs encased in calico cotton pockets and nested into a honeycomb formation. This enables each spring to move independently from the others, providing more support and less movement when you or your partner move during sleep.

Upgrade your bedroom today with a bed from Vispring in the new Monochrome look, and experience the finest sleep tailored to your unique style and needs.
